EXAMINER'S AMENDMENT

An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 1-12, 45-63, 152, and 153 to inventions non-elected without traverse. Accordingly, **claims 1-12, 45-63, 152, and 153 have been canceled.**

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance: After extensive searching by the Examiner, the previously cited references to Veselka et al and Okazaki et al are considered to be the closest prior art known. Neither of these prior art documents discloses or suggests the various embodiments of the multi-wavelength generating apparatus set forth in the allowed claims. In particular, the claims to which Veselka et al was previously deemed to be relevant have been amended to require a plurality of modulating means arranged in a plurality of optical paths, a limitation that cannot be met by Veselka et al. Also, after careful inspection, it is agreed that Okazaki et al does not generate a multi-wavelength light using phase modulation, so that the previously indicated position of the Examiner is untenable. With the closest known prior art thus having been overcome, and with all previous objections (disclosure, drawings, abstract, etc.) having been obviated by applicant's response, this application is now allowable. Claims 13-44 and 64-151 are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning the merits of this communication should be directed to Examiner John D. Lee at telephone number (571) 272-2351. The Examiner's normal work schedule is Tuesday through Friday, 6:30 AM to 5:00 PM. Any inquiry of a general or clerical nature (i.e. a request for a missing form or paper, etc.) should be directed to the Technology Center 2800 receptionist at telephone number (571) 272-1562, to the technical support staff supervisor (Team 2) at telephone number (571) 272-1564, or to the Technology Center 2800 Customer Service Office at telephone number (571) 272-1626.
